

High School To Delay Opening; Others Tuesday

Expect Enrollment of Near
500 In All Schools
Of District

The Truckee, Tahoe Lake and Kings Beach elementary schools will open for the fall term on Tuesday, September 4. These schools will include kindergarten through Grade 6 and all children four years and six months of age by September 1, 1951, may register in the kindergarten. The Donner Trail School, under the principalship of William Carrico, opened August 6.

The unified high school will officially open Monday, September 17. "We have been assured by the contractor, Mervin L. Gardner of Reno, that the classroom wing of the school plant will be ready for occupancy on this date," District Superintendent E. V. O'Rourke announced.

The Truckee elementary school will have seven teachers—a teacher per grade—including the principal, Richard Davis. There will be three teachers at the Tahoe Lake School and the principal will be Mrs. Janet Briggs, who served in that capacity the latter half of the last school year. There will be three teachers at the Kings Beach School. The principal will be Lynn Kishbaugh, who for the past two years has been teacher of the 5th and 6th grades at the Truckee elementary school.

Clifton King Jr., who was principal of the Tahoe-Truckee High School last year, will be principal of the school this year. There will be ten teachers on the faculty of the new high school.

The expected enrollment of the schools, based on attendance figures as of June, 1951, are as follows: Kindergarten, 44; 1st grade, 35; 2nd grade, 56; 3rd grade, 61; 4th grade, 41; 5th grade, 45; 6th grade, 42; 7th grade, 51; 8th grade, 31; 9th grade, 28; 10th grade, 23; 11th grade, 23; 12th grade, 15, for a total of 495.

Registration dates and location of high school enrollment will be made public next week.

RECORD TRAFFIC EXPECTED OVER LONG WEEK END

Traffic over the Labor Day week end will be heavier and the highway hazards greater than any other week end this summer, the California Highway Patrol predicted today.

Labor Day week end last year in the Truckee, Tahoe and Donner area left at least one dead in its wake and several seriously injured as the result of automobile accidents.

A new traffic record was hung up at the Truckee quarantine station when 8120 automobiles were checked during the three-day holiday. In addition, there were 231 trucks, 87 stages and a passenger total of 12,819. These figures reflected only west-bound traffic on Highway 40.

While all available patrolmen will be on duty over the holiday, the three-day period may record the season's largest toll of death and injury unless all drivers accept personal responsibility for their own safety, the patrol said.

'50 Toll Heavy
"During the Labor Day holiday last year 36 persons were killed and 623 were injured on the rural highways of the state alone," Commissioner Clifford E. Peterson declared. "We hope to keep well below that figure this year."

Drivers who wish to come through unscathed were asked by Peterson to observe the following precautions:

1. Keep down your speed. Excessive speed is the greatest highway killer.
2. Be extra careful in passing other vehicles, never overtaking another on a hill or curve.
3. Don't drive if you are fatigued or sleepy.

Reinforcements Here
Three California Highway Patrol recruits will arrive here tomorrow or Saturday for a weekend of training with officers of the Truckee squad. They have been attending the patrol academy at Sacramento and are expected to gain considerable experience in the anticipated rush of Labor Day traffic in this area.

Warden and Wife Welcome First Son

Mr. and Mrs. Tom Borneman welcomed their first child, a son, born on Wednesday morning, August 29, in Reno. His birth weight was six pounds and nine ounces. The given name of the lad has not yet been decided, according to his father, fish and game warden in this district.

In Bay City—
Mrs. A. Gharard was an Oakland and Sacramento visitor this week.

Early History Is Recalled In Visit Of First Native

An interesting bit of Truckee history was recalled here last week with the visit to the W. M. Englehart Jr. home of Joseph Gray, the first white child born here more than 83 years ago.

Gray, widely known through his Reno department store of Gray Reid and Wright, came to Truckee to obtain a plaque which adorned the door of the Englehart's living room—the room in which Gray was born and more recently headquarters for the Truckee Parlor of the Native Sons of the Golden West.

The room, part of the modern home occupied by the Truckee family, was constructed of logs and mortar and originally—nearly 100 years ago—was located where the Stone Garage now stands. It was the first building erected here and served as the Gray house and stage stop.

When the Native Sons took over the structure more than 40 years ago, it was remodeled and the door was donated by Gray, the plaque reading, "This door donated by Joseph Gray, son of the original builder of this cabin."

The door, still in excellent condition, is used in the passageway of the Englehart home, but the owners were pleased to remove the plaque for the pioneer donor. Examination of the logs in the house shows them to be in excellent repair, as sturdy and firm as when they were first laid nearly a century ago.

The cabin was removed to its present site in 1909 and was used as a meeting place for the Native Sons until the chapter was dissolved. In recent years it was purchased by Englehart and a modern home built around it, the original cabin forming a unique and serviceable living room.

HOSPITAL ASSURED OCTOBER DELIVERY OF FURNISHINGS

Tahoe Forest Hospital officials were relieved yesterday when President C. R. Heller received a telegram assuring them articles of furniture, delayed in shipment by an eastern strike, would arrive October 13. It had been previously reported by A. W. Koenig, hospital consultant, that the shipment could not be expected before next March.

In the meantime, work is continuing at increased speed on the structure at Gateway Park. Plasterers are completing their work and before long, Heller said, finish work will be commenced.

Wyethia Starts Drive For Clothes for Korea

The Wyethia Women's Club is sponsoring a move to collect used clothing for South Korean relief. Mrs. Gladys Pedley has been named chairman of the effort here.

Mrs. Pedley says that the drive for clothing is being conducted on a cooperative basis between federated women's clubs in this country and similar groups in the war-ravaged Republic of Korea. Any usable clothing will be acceptable, Mrs. Pedley declared, and the drive committee asks only that it be washed or cleaned, ready for shipment.

Anyone having such articles available may contact Mrs. Pedley and she will arrange to have them picked up.

Luncheon, Card Party Enjoyed at Donner

Mesdames Gerald Lewis, Annie Tonini, James McIver and E. L. Loynd were hostesses at a luncheon and card party on Wednesday afternoon, entertaining in Donner Lake Lodge.

An autumn fruit arrangement was used as the attractive table center piece. Bridge and canasta were played.

The guest list included Mesdames W. A. Loynd, Robert Gifford, R. A. Scott, Robert Leamon, Walter Barrett, T. T. Buell, A. P. Leitch, C. B. White, B. J. Riordan, Harold Langille, Roxie Archie, Robert Bick, Anthony Ghirard, William Englehart, William Englehart Jr., Vern Shattuck, R. N. Little, Anton Mahne, Mary Zunino, Rufus Gregory, Hal Gilson, James Leamon, W. C. Gage, E. V. O'Rourke, Elden Tonini, I. Firpo, Edith Fay.

Utility District Report Shows Gain For Year

Electric Revenue Net Gain
Greater, Water Loss
Is Far Less

The net revenue from the operation of the electrical department of the Truckee Public Utility District for the fiscal year June 30, 1950 to June 30, 1951, was \$9,041.51 while the net loss from the operations of the water department was \$238.69.

This was revealed in the annual report of the district prepared by Harry M. Straine and Sons of Sacramento and recently submitted to the local board of directors.

The report shows that during the last fiscal year, the water department showed a net decrease in loss of \$3,300.19 as compared with the loss of \$3,538.88 sustained during the preceding 18 months.

The net revenue from the electrical department also showed a substantial increase of \$3,029.86 over the net revenue for the 18 months from January 1, 1949 to June 30, 1950. On June 30, 1950, the district changed its fiscal period from January 1 to July 1 to June 30 each year, this accounting for the 18 months figures used as comparison in the report.

Asks Increased Rates
Straine recommended an increase in rates for water or other methods

of increasing the income to provide a working capital, pointing out that the present method of financing is penalizing the electrical department which currently has \$50,693.58 coming from the water department.

The report shows the assets of the electric department total \$102,733.62, including fixed properties of pole and line equipment, transformers, etc.

Total assets of the water department were reported at \$71,701.69, including mains, meters, reservoirs, pumping plants and warehouse.

Operating Expense
Operating expense of the electric department totaled \$55,657.85, the largest amount being \$32,796.77 for electric power purchased from the Sierra Pacific Power Company. Repairs and replacements totaled \$10,788.38 and other expenses included \$5,820 for office and executive salaries, with rent, legal fees, bonds, insurance, auto expense and other miscellaneous items making up the balance.

Net Revenue \$8,802.82
Net operating revenue from the electric department was \$5,632.71. Added to this was land sales totaling \$5,760.80; pasture, \$700; sign, \$20, and miscellaneous, \$25.80, making a total of \$11,393.61. This total, less \$2,352 contributed to the Truckee Chamber of Commerce, leaves the balance of \$9,041.51 net revenue.

With the water department showing a net loss of \$238.69, the district from all departments showed a net revenue balance of \$8,802.82 from operations during the year.

20-30 Leader Speaks At Lions Club Meet

Leonard Carlson, immediate past president of 20-30 International, of Reno spoke last night before the Truckee Lions Club meeting at Donner Lake Lodge. He talked on his experiences while in the international office and of the convention which selected his successor, N. F. Dolley was program chairman and Robert Seibold presided.

Other guests were Nello Baldocchi, Antioch; Prof. Lean, Worcester, Ohio; Norman Hughes and Chuck Morey, manager of Fibre-board Products timber division.

Francis West President Of State's Coroners

Francis West of Colfax is the new president of the California Coroners' Association. The Placer County official was elected to the post at the final session of the association's three day convention in Los Angeles this week.

Visit Here—
George Schweis and daughter, Nancy, and Sam Doton of Reno were Sunday visitors of Mr. and Mrs. Robert Leamon.

Sun Beams

by Walter M. Jarrett

With the start of school classes again next week, auto and truck operators are urged to redouble their precaution in observing rules relative to school grounds and at spots where children may be playing or going to and from classes. Particular emphasis is placed on the new school bus law with which every driver should familiarize himself before going upon the highways. Above all, drive carefully and keep a constant watch for youngsters. Children are not expected to know the lethal potentials of a car or truck, so it's right in the lap of the driver.

Don't let anyone tell you that ads in the Sierra Sun are not widely read. A business man questioned us on this subject recently and we offered to run an ad for him free of charge to prove it, announcing in the copy that his store would be closed until Christmas. Needless to say, he declined the offer. Every progressive merchant advertises, otherwise he would not progress long, although the non-advertiser, and incidentally, the unprogressive merchant, would blame every other circumstance under the sun before he would admit that advertising, as a silent salesman, is the backbone of business.

The Truckee Outdoor Sportsmen—the one organization in the community devoted solely to the interests of hunting and fishing—is lacking support. The importance of these sports to this community cannot be over stressed and we suggest that everyone get behind the club and keep it out in front fighting for better hunting and fishing. Attend the meeting tonight if you possibly can and show your interest.

INJURIES NOTED AMONG RIDERS ON AREA ROADS

Two motor accidents Saturday resulted in injuries to two Oakland residents. Reyes Lopez, 65, and Loretta Lopez were taken to a Reno hospital by Truckee ambulance after their car ran off the road four miles east of Truckee. Lopez said he was blinded by oncoming lights. Patrolman William Gautsche investigated.

William Lafayette, Oakland, was cited for unsafe speed and driving on the wrong side of the highway near Cisco at 2:15 Saturday morning. Patrolman Roy Stallard was the investigating officer.

Billie Dollie Kemmer, 37, Sacramento, was injured Sunday when her car ran off the road at Dollar Hill at Tahoe. She was treated by Dr. L. D. Nelson and cited by Patrolman T. F. Sheehan for speeding.

James Duvaras, 24, San Francisco; Richard Turner, 25; Dottie Ashcraft, 24, and John Figone, 25, all of Tahoe City were injured last week when a car driven by the latter ran off the road near Tahoe City. The driver was cited for speeding.

From Oakland—
Mr. and Mrs. E. L. Loynd had as their guests last week Mr. and Mrs. Harold Keufer and children of Oakland.

Sisters in Hospital—
Terry and Kittie Ellis, daughters of Mr. and Mrs. Jack Ellis, are scheduled to enter a Reno hospital for tonsil operations tomorrow.

Kuse Visits—
Frank Kuse of Sacramento visited local friends during the week end. He formerly lived at Hobart Mills.

City Guests—
Mr. and Mrs. Harry Lyons of San Francisco were weekend guests of the Richard Joseph family and Mr. and Mrs. Joe King.

Visit Edmunds—
Mr. and Mrs. Ross Buell and family of San Francisco were the guests of her parents, Mr. and Mrs. Cecil Edmunds, this week.

Publisher Here—
Ralph W. Slaughter, publisher of the Morgan Hill Times, visited the Sierra Sun office Friday, en route to the CNPA board meeting at Brockway on the weekend.

Forest Fires In Truckee District Under Control

Lightning Starts 10 Fires
On Truckee District,
42 in Forest

The 31 forest fires this season in the Truckee district of the Tahoe National Forest equals the total for all of last season, William Curran, fire control officer, reported this week in announcing that ten fires resulted from the lightning storm last Wednesday.

The most stubborn of the ten was a blaze still being patrolled night and day south of Squaw Valley where an acre and a half was burned over. The fire started last Wednesday but was not discovered until Monday, Curran said.

The 11th fire of the week was stopped without damage just west of Gateway Motel. This blaze, Curran said, was started by youngsters playing with matches. It was the second time this year that a blaze has originated there from the same cause. A third time weeks ago was started by lightning.

Widely Scattered
The other nine fires controlled this week as the result of lightning were at Hoke Valley, Ellis Peak, Big Springs in Hell Hole, Cable Springs seven miles north of Truckee, Lady Bug near Verdi Lookout, ridge between Carpenter Valley and Sagehen Creek, on Highway 40 near Polaris, Buck Ridge near Juniper Creek, Buck Springs on Miller Lake Road at Tahoe.

High Winds
The high winds have intensified the danger from fires. Winds over 60 miles an hour have been reported by most lookouts, Curran said. At Verdi Peak a gust ripped the shutters off their bolts and at Saddle the wind blew so hard down the chimney that the iron stove lids were blown out of place.

A stubborn blaze in the terrain west of Independence Lake in the Sierraville district gave fire fighters trouble this week but was controlled after equipment was dropped to the six firemen by airplane.

There were 42 fires in the Tahoe National Forest resulting from last week's storm, most of them in the Sierraville district.

CHEST X-RAY UNIT IS DUE IN TRUCKEE ON SEPTEMBER 11TH

In the constant fight to stamp out tuberculosis, a mobile x-ray unit will be in Truckee Tuesday, September 11, and everyone is invited and urged to avail themselves of the free chest examination which will be given.

The unit will be stationed at the fire house between the hours of 10:30 a.m. and 1 p.m. and 3:30 p.m. to 7 p.m., Miss Vivian Berggrer, county health nurse, announced.

The Truckee PTA will assist in the registration. The visit of the x-ray unit and staff is sponsored by the Nevada County Tuberculosis Association and is made possible through the annual purchase of Christmas seals.

The annual visit of the unit makes it easy for everyone to keep a careful check on the possibilities of the disease. If discovered in time, cures or arrestments are usually successful, according to medical authorities, and the only means of discovering the infection early is through the aid of the x-ray. The examination takes only a minute or two and everyone is welcome to the service.

Chamber Will Cooperate With Sportsmen Meeting

A dinner meeting of the Truckee Chamber of Commerce will be held tonight at 7 o'clock at Smitty's formerly The Sportsman, at Truckee Resort. Following the brief but important session, members will adjourn to attend the Outdoor Sportsmen's meeting at Capitol Hall at 8 o'clock.

Return to Ukiah—
Mr. and Mrs. Marion Follett and son, Richard, returned to Ukiah Monday following a week visit with his parents, Mr. and Mrs. Sam Follett.

Two Escape As Boat Explodes On Lake Tahoe

TAHOE CITY—The \$15,000, 28 foot speedboat of Edwin Letts Oliver of Piedmont and Lake Tahoe exploded and burned late Monday just after Oliver and his grandson boarded the craft. Both burned slightly.

According to the report made to county authorities, Oliver and his grandson, Oliver Greenlee of Piedmont, had just gone aboard the boat and stepped on the starter at the pier of their summer home in the Sunnyside district three miles south of here. The blast was blamed on the gasoline pump and could be heard for a mile.

Oliver and Greenlee threw themselves into the water after the blast and were rescued by Gordon Greenlee, grandson and brother of the pair, who was in another boat nearby.

The gasoline tank of the burned boat did not explode and the fire was extinguished by the Tahoe City Volunteer Fire Department. The craft did not sink and was towed to a repair firm for examination.

The accident was witnessed by hundreds of Tahoe residents and summer vacationists.

SPORTSMEN MEET THIS EVENING TO PLAN BUCK STEW

Plans for the annual big event of the year in the life of the Truckee Outdoor Sportsmen—the buck stew—will be made at the meeting of that organization tonight at 8 o'clock in Capitol Hall.

A number of other important matters confronting the sportsmen of this area are scheduled for discussion, Johnny Ciardella, organization president, announced.

Each year the buck stew attracts hundreds of sportsmen and non-sportsmen alike to participate in the program highlighted by the serving of ample portions of savory stew, coffee and buns free of charge to all comers. Ciardella is expected to announce his committees to prepare for the affair at tonight's session and everyone is urged to turn out and lend a hand.

The meeting of the directors of the chamber of commerce is slated to adjourn prior to 8 o'clock so that members of that booster group can attend the sportsmen's gathering. Officials of the fish and game commission also are expected to attend.

SHRINERS FORM UNIT FOR REGION, PLAN ON BENEFIT

KINGS BEACH—Organization of the El-Ta-Ho Shrine Club for all Shriners in this district has been started at Kings Beach and Shriners from surrounding localities are invited to attend the next session Wednesday evening, September 5, when a dinner will be served at Hunter's Inn.

The initial meeting was held Tuesday night when seven Shriners, Gil Ballard, Leon Barker, Tom Lucas, Roy Porath, Don Barkhurst, Frank Coombs and Jerry Gordan, outlined plans for the organization.

The first function will be the presentation of a benefit show at Brockway Theater Thursday, September 27, for the Shrine Crippled Children's Hospital fund, admission being by donation only. Last year a similar affair raised a large sum for the benefit of the worthy cause.

Shriners desiring to participate in the new club may contact either Coombs or Ballard by calling Brockway 2703.

Girl Scouts Will Serve Mothers at Tea Party

The Truckee Troop of Girl Scouts will hold a tea for their mothers at the Wyethia Club house Tuesday, September 11, at 6 p.m. A musical program will be presented by the girls under the direction of their leader, Mrs. Gladys Pedley.

Deputy Makes Official Visit to Local Temple

Summit Temple, Pythian Sisters, held a mock initiation last Thursday evening. District Deputy Pearl Heller made her official visit to the temple and refreshments were enjoyed at the California Cafe after the meeting.

Earth Slide At Floriston Stops Traffic Over 40

Travel May Be Resumed
Tonight or Tomorrow
With Luck

BULLETIN

The California Highway Patrol was informed at noon today that an effort would be made to have the damage at the Floriston slide area corrected by late this evening, although this depends upon what conditions are encountered today by the crew of men and heavy equipment.

Automobile and bus traffic over Highway 40 between here and Reno was halted at 9:30 o'clock last night when an earth and rock slide blocked the road at Floriston where construction work is in progress to repair damage done by last winter's flood of the Truckee River.

Although the first slide was cleared away by workmen, earth and rocks continued to flow down the mountain side, creating a hazard. Light traffic and busses are being routed via the Mount Rose highway and by Highway 50 going west during the repair work which is expected to be completed tonight or early Friday.

T. T. Buell, division of highways superintendent, was informed of the slide by an unidentified resident of Floriston who called and said she had heard the roar of the earth and the howling of car brakes as they slid to sudden stops.

Fortunately no cars were in the path of the slide.

Mr. and Mrs. Frank L. Titus were among the first cars reaching the slide and were required to return home via Mount Rose.

Harms Brothers, contractors on the repair project, today were attempting to divert the flow of spring water, which caused the damage, from above the road, bringing it under the highway considerably west of its present course. As soon as this is done, the road can be reopened to all traffic, Buell said.

Heavy trucks are passing the slide area intermittently as bulldozers shuttle over the short span constantly keeping the path partially clear. At the same time, bulldozers are at work above the road diverting the water and attempting to stop a major slide which would wreck the road completely.

Buell said the road will not be opened today or tonight but that with good luck, it can be opened tomorrow.

Officers of the California Highway Patrol and division of highway employees were rushed to the scene last night to direct traffic and emergency operations.

Previous Menace
The section of highway affected is directly across the Truckee River from Floriston. It was undermined and washed out to a dangerous degree during last winter's flood. Since that time, emergency repairs were made but the section, only a few yards in length, has continued to be a menace and crews have been harassed to keep it open.

Harms Brothers of Sacramento were given the contract to repair this section as well as others between Truckee and the Nevada state line which suffered during the flood. When the work is completed the route will be in better shape than previously as the river is being diverted in sections and heavy rip-rap is strengthening the roadway.

Open House Friday At Sierra Tavern

A buffet supper will feature the open house at Sierra Tavern tomorrow evening when Mr. and Mrs. Mike Richards greet new friends in their recently acquired hotel and lounge. Everyone is invited and the festivities will start at 7 o'clock.

Drunk Driver Pays \$200 In Local Justice Court

Albert Fay Williams, 59, Nevada City, was fined \$200 on a drunk driving charge when he appeared Saturday before Justice of the Peace Foster Wilson. He was arrested Friday evening at Donner Lake by State Patrolman Roy Stallard.

Esterly Badly Injured In Accident Yesterday

William W. (Bill) Esterly, well known Grass Valley businessman and civic worker, is in serious condition at a Grass Valley hospital as the result of head injuries suffered yesterday morning when his car crashed a telephone pole head-on at Hills Flat. The accident occurred at 1:20 a.m.

Esterly sustained a fractured skull and at noon yesterday was still unconscious.

Truckee, Calif.

SUMMIT SCENE by FRAN COUILLARD

As we write the first fall winds
needles and the cacophony is remi-
niscence of far off waves beating
against a rocky shore. An extra
blanket, the soft shimmering of
oak and pine smoke hanging low
low as fireplaces are kindled for
early morning and late afternoon
chill, an earthy odor in the air,
white caps on Lake Van Norden
greedily lapping the earth em-
bankments, dark interludes as
clouds spread their ominous fore-
cast teasingly across the sun's
face. These, we have learned to
know, are the harbingers of flying
leaves and elemental gusts that
bring the first snows. We know
that after that first flurry, an-
other warm spell will predomi-
nate. But nature gives the operators
in this area—the hotel, lodge, dor-
mitory and ski tow operators—that
bit of warning so that they may
heed and prepare their vari-
ous types of equipment for the
winter guests. We always make
the remark about this time of
the year that we have yet to find
an operator 100 per cent in con-
trol of the situation but at least
nature in the guise of an early
fall is making its first attempt to
give the necessary warnings.

Even at this early date some of
the storm shutters are already in
place, telling the mute story of
"cabin closed" until next year. The
Cedars residents go down the hill
en masse, leaving summer tired
superintendents Roy and Jess
Thompson to prepare for their win-
ter's exile in the Cedars area. Mil-
ton Hogle and his gang of "knuc-
kle heads" (supposed to be an en-
dearing term for the Soda Springs
Ski Hill crew) splash paint merrily
on the double chair lift. Soda
Springs Hotel working crew sweat
and strain to fix up the huge dor-
mitory and help's quarters that
predominate on the top flight. Hear
it will accommodate 90, that floor
alone. Significant is the fact that
next week end is the last for the
Donner Summit Lodge Smorgas-
bord. The good steak odors that
permeate the air around the bar-
becue pit at Ice Lakes will also
cease with next Sunday's service
but not the good food for Bill
Rutherford is still at home on the
range but will move his stove in-
side for the fall months when the
night breezes are a little too nippy
to banquet on the lake shore.

Jack Woodard of the Ski Ranch
needs must call it a season on Fri-
day night at midnight when his
seasonal liquor license expires.
Jack then will change his bar apron
for his carpenter apron and start
to tidy up his resort for the winter
opening.

Logging operations must be in
a state of cessation also for we see
huge loads of dismantled machin-
ery going down the hill and the
pink change of address cards in
our post office are piling up.

From Betty Aro we learn that
while Edy Aro gets favorable re-
ports on his injured arm's gradual
improvement, Edy is also lonesome
and homesick. He asks that when
you take a Reno jaunt and have a
few moments to spare, drop in at
the Reno Veteran's hospital and

say "hello." If you aren't Reno
bound t'would be nice to drop him
a card, wouldn't it? Same goes for
Clark Felger at the Weimar Sani-
torium.

And whilst the summer residents
and a few localites journey valley-
ward, they cross roads with moun-
tain friends that journey summit-
ward. For instance, perennial
guests Helmer and Helen Bergman
come up from their Watsonville
business for a few days of meet-
ing and greeting. Our sister-in-
law and brother-in-law, Jo Hagg
lund and Dan Couillard, fly from
San Francisco to Reno, where we
pick them up and bring them to
our mountain abode for a few days
of getting reacquainted.

Bill Kimmerling and Bob Mori
dash back at the beginning of this
fall season to finish their big plant
on the west of us. Just went down
to take a look at it. Another wing
going up on west of the building
will be a dorm and dining room, so
we are told. Looks like the place
will house 50 or 60 when finished.
Bob and Bill, shirtless, push wheel
barrows of cement for floors and
foundations and prespire freely, al-
though the wind, as we write, is
bitter.

When the Parley Merrills re-
turned to pack their belongings
for their new Sacramento transfer,
Betty Horak feted them with a
going away dinner and had as
other guests Mr. and Mrs. Bill
Parrott and Virg and Wanda Mis-
ner. Looked like everyone was hav-
ing a fine time and by this writ-
ing the Merrills will be established
in their brand new home on Hunni-
cutt Lane in Sacramento. A new
guest at Donner Summit Lodge is
Michael, Bernice Batterton's cocky
little springer spaniel puppy. We'll
have you know that "Mike" has a
two-roomed ultra modern dog
house surrounded with a picket
fence and verro, verro lovely wool-
en blankets for his bed. Bernice's
daughter visits her for a period
also. Chuck Reynolds of Ice Lakes
bats around in a new convertible
whose coloring has been chosen to
compliment Chuck's blond com-
plexion. Doris Chaplin returns to
Soda Springs Hotel after reluc-
tantly surrendering her new grand-
daughter over to its mother. As
Doris takes over at the hotel, Brant
Chaplin takes off to view the first
grandchild, whom he has not yet
seen.

Community Club meeting at Big
Bend Camp ground was well at-
tended, especially by the kids when
they learned that a weiner roast
was in the offing. Lola Schull's
chili beans and the various salads
that were brought in by good
mountain cooks were quickly de-
voured while Juanita Roemer of
Soda Springs Hotel delighted the

youngsters no end by leading the
community singing with guitar ac-
companiment.

The University of Washington,
with a 582 acre campus, is within
the city limits of Seattle.

A UNIVERSAL JEEP is just the
thing to take you uphill and
downhill on your fishing and

Notice of Intention to Engage in
the Sale of Alcoholic Beverages
August 28, 1951

To Whom it May Concern—
Subject to issuance of the license
applied for, and commencing not
less than 15 days after the date
posted, notice is hereby given that
the undersigned proposes to sell
alcoholic beverages at these prem-
ises, described as follows:

Goodfellows Coffee Shop, Com-
mercial Row, Truckee.

Pursuant to such intention, the
undersigned is applying to the
State Board of Equalization for
issuance on original application of
an alcoholic beverage license (or
licenses) for these premises as fol-
lows:

On Sale Beer
issuance of such license(s) may
file a verified protest with the
State Board of Equalization at
Sacramento, California, stating
grounds for denial as provided by
law. The premises are now
licensed for the sale of alcoholic
beverages.

first grade at 1:40 p.m.; second and third at 2:10 and fourth, fifth and sixth at 2:40. All grades will have a lunch period from 12 to 12:40 p.m.

Buses will provide transportation for all students living outside the legal limit on the bus line from Tahoma to Tahoe City and from Tahoe Vista to Tahoe City. One bus will leave Tahoma at 7:50 a.m. and another from Tahoe Vista at 7:55. The bus will take kindergarten pupils home at 11:30. Both will leave the school at 2:40 to take the students home.

A hot lunch program is provided for all those who wish to take advantage of it, under the direction of Mrs. Mildred Brown of Lake Forest. A regular lunch costs 25 cents a day and milk only

costs five cents a day. In addition, a mid-morning lunch will be served to kindergarten and first graders which will consist of milk or fruit juice and crackers.

It is requested, but not obligatory, that the lunches be paid for for the entire week each Monday. Days missed for any reason will be credited.

After a child has been absent, parents are asked not to send him back to school without a written excuse. If he has had a contagious disease, a doctor's release is required.

Mrs. Janet Briggs will serve as principal and teach the fourth, fifth and sixth grades. Her telephone number is Tahoe City 397W. Miss Geraldine Bean will teach (Continued on Page 6)

BEAUTIFUL WEATHER GREETES 150 ENTRIES IN GOLF TOURNAMENT

TAHOE CITY—Fair skies and balmy weather greeted the 150 entrants of the second annual Tahoe City golf tournament on the local links over the weekend. The tournament is given each year by owner Carl Bechdolt Jr., assisted by his pro, Angelo Bonino.

Saturday was devoted to the youngsters, boys and girls under 16, who showed mighty fine championship material. Boys' low gross went to Mel Rowan of Long Beach, 15, who shot a 75, with Tahoe boy Darryl Stark, 13, rating a low gross of 115. Low net scores went to Don Rowan, brother of Mel, with a score of 65. Other low net scores of Tahoe entrants included Harold Brixley, low net 70; Jerry Quam, low net 80, and six-year-old Parky Bechdolt, son of the Carl Bechdolt, following in his dad's footsteps with a commendable low net of 81.

Sharon Johnson of Carson City romped in with the girls' low gross score of 82, with the Carl Bechdolt's daughters, Sharon, 10, and Christine, 13, turning in second place scores in their divisions. Christine's low gross score was 129 and Sharon's low net was 97. Low net girls' winner was Jean O'Hara of Carson City with a score of 90.

On Sunday, Dr. Henry Searles of San Francisco and Tahoe took the men's contest for Hole-in-one honors on the 9th green, using a 3 iron while Mrs. George Lewis of Tahoe Pines and Los Angeles had the best shot of the day for the ladies, 3 1/2 feet from the cup.

Mrs. Maria Bennett of Reno took the low gross honors with a score of 78. Mrs. George Lewis taking second place with low gross of 80. Low net went to Sharon Johnson with a score of 65, Mrs. Kay Becket of Orinda second low net with a 67.

Tony Perry of San Francisco won the men's low gross with a 66, W. S. Wasson of Sacramento second with a 68. Men's low net went to E. McGraw, Daly City, with Cecil Earl of Reno second with a low net of 63.

At The Hut

HOMEWOOD—Hollywood Nite last week at The Hut in Homewood proved to be most entertaining. Clever costumes won appropriate prizes, consisting of a Kodak, beret and bright Hollywood scarf.

The Hut's famous fireplace is being well patronized these chilly evenings, which, Edgar Myers says, reminds us that weiner season is fast approaching, so "look for a good, ole fashioned weiner roast, come September."

HEART ATTACK IS FATAL TO TAHOE MAN

TAHOE CITY—Leon Stanley, 57, of Tahoe City, who came here from Sacramento and who had been driving for the Borden Company at the lake for the past three months, died suddenly on Saturday morning at 3:30. Dr. C. B. Pedersen, who was summoned, pronounced death due to a heart attack. He had been working very hard, according to members of his family, had high blood pressure and had lost 30 pounds during the past three months.

The deceased was born in Cedarville, Calif., March 10, 1894, and leaves his widow, a daughter, Mrs. Keith Smith, and two grandsons Gary and Melvin, of Concord; a brother, Heath Stanley; his mother, Mrs. Christine E. Stanley, both of Cedarville, and a sister, Mrs. Wm. G. Ballard of Alturas.

Coroner Francis West removed the body to Colfax. Funeral services were scheduled in Modoc.

TRAFFIC VIOLATORS ARE FINED IN TAHOE CITY COURT

TAHOE CITY—Justice of the Peace C. W. Vernon of Tahoe City reports a number of fines paid during the past week.

Robert H. Bennett, Tahoe City, was cited on August 16 by Patrolman William Gautsche for speeding at 65 miles per hour on the Tahoe-Truckee highway and at his hearing before Judge Vernon on August 24 paid a fine of \$25.

On August 18, Patrolman Tom Sheehan cited Vernon O. Heyman, San Francisco, for passing another car on the right hand side in Tahoe City. He mailed his fine of \$25 to the judge this week.

David M. Bevins, Grass Valley, was cited on July 1 by Patrolman Sheehan for excessive speed on the Tahoe-Truckee highway and for following too closely behind another car, resulting in a collision. He failed to appear here and was apprehended by the Sacramento police department and paid a fine of \$40 on August 25.

Stephen Berry, employed at the Tahoe Tavern this summer, is awaiting a preliminary hearing in the Auburn jail on charges of stealing a car from another Tavern employee, was arraigned and bail was set at \$3,000.

"What happens when Standard men go into the armed forces?"

One question on many people's minds these days is how military service may affect themselves or people they know... their jobs, their family security. People ask us, of course, about what happens to employees of Standard Oil Company of California.

The answer shows what a big company can do. Standard Oilers come through this trying period in better financial shape than you might expect:

Let's take for example Bill, an average young Standard Oilier. He makes \$368 a month. He has Company-paid life insurance worth \$4,420, a pension plan paid partly by himself, other benefits.

Suppose Bill is called into the armed forces. One problem a man faces then is lower income. But because Bill qualifies as a dependent and length of service, he'll be helped by a Standard Plan.

When Bill leaves, he gets an extra month's pay. Then, Standard sends his family a monthly check to make up the difference between his GI and Company pay—up to one-half his regular salary.

Moreover, Bill's Company life insurance remains in force. And the pension plan, which Bill paid for in part while he was working, continues to grow—but now Standard of California pays it all.

When Bill comes back, his job is waiting, his benefits are intact. Standard, having big economic resources can act to preserve the human resources of the nation... people like Bill and his family.

This is Standard's "G.I. Policy" for qualified employees called into the Armed Forces. We believe it helps to strengthen Company morale, and that of the whole nation as well.

I'd Like to Know... Many people write to Standard asking pertinent questions about the Company. We answer all letters individually, but some points seem of general interest. We take this way of discussing them for everyone. If you have a question, we urge you to write in care of: "I'D LIKE TO KNOW," 225 Bush Street, San Francisco 20, California.

A STANDARD OF CALIFORNIA PRODUCT

Benefits, Direct and Indirect, Arise from Chamber Activity

by THELM BURROUGHS
TAHOE VISTA—According to all reports, this has been the best season the cottage court operators have ever had. To drive along the highway around this beautiful Lake Tahoe, and to see the no vacancy signs flashing their gleeful song of a full house may not have a pleasing vista for the vacationists who thought it not important to arrange for a reservation, but it indicates a banner season. Many reservations for September have been reported and it is believed that more of the courts will remain open not only through September but well into October too.

Scattered Showers Wet Tahoe City Area

TAHOE CITY—Scattered showers brought a little over .05 of an inch precipitation to the Tahoe City district for the week ending Monday, August 27, according to A. E. Frodenberg, official observer. On August 20, .03 was recorded with .01 each of the 21st and 23rd and traces on the 22nd and 24th. Temperatures for the week were Aug. 20th: 73, 44; 21st: 69, 44; 22nd: 67, 41; 23rd: 70, 38; 24th: 69, 40; 25th: 75, 39; 26th: 75, 42; 27th: low 38.

With 14 gates open, the lake level Monday stood at 6228.03 feet.

Kishbaughs Moving to Kings Beach

TAHOE CITY—Mr. and Mrs. Lynn Kishbaugh of Pineland on Saturday will move to their new residence, the William Althoff house at Kings Beach, where Kishbaugh will assume the principalship of the Kings Beach School, which opens September 4.

Their Pineland home will be rented by Mr. and Mrs. A. J. McEwen, formerly of Texas, who plan to make their permanent home here. McEwen is a former AP correspondent at Houston and he plans to spend his leisure doing a bit of free lance writing from now on.

Salt is found in 19 states and is produced in commercial quantities in 14 states.

Likewise, with the ever-increasing popularity of winter sports in this area, it is to be expected that a goodly number of courts will either remain open throughout the fall and into the winter season, or perhaps re-open when the winter sports season opens.

While there may be many reasons for this marked increase in business this season, and no doubt there are many reasons for it, don't let any of us forget that the activities of our Lake Tahoe Chamber of Commerce, over the past three years, have had their very definite effect, and in a substantial way too.

The chamber of commerce has sent out many thousands of Lake Tahoe booklets, depicting the beauties of the lake area and its many advantages to the vacationists we invite to these parts. These booklets have been sent out to well over six hundred chambers from Key West, Florida, to Portland, Maine, and from Seattle, Washington, to San Diego, California. And from most of these chambers there have been repeated requests for more of these booklets, as well as for all sorts of information about Lake Tahoe and hundreds of requests for reservations.

Likewise, thousands of booklets and other data have been sent out on request to travel bureaus and the larger automobile clubs all over the country. This extensive work of the Lake Tahoe chamber has had its cumulative effect, and through the chamber's continuous efforts in this direction, many, many more visitors will come to the lake. Many will undoubtedly eventually make make the lake area their permanent home.

Of course, the chamber of commerce has many more important functions than just bringing more people to the lake.

Its long range activities include the functioning of its very important fish and game committee, its committee on legislation and taxation affecting all the counties surrounding the lake in two states, the tourist and convention committee, etc. Through the work of these committees, everyone around the lake will benefit.

Every live-wire community in the nation has its chamber of commerce and there is nothing that cannot be accomplished by a chamber of commerce, provided it has the whole-hearted support of the entire community. Support your chamber—its success is your success!

Former Mariners Buy Warner House

TAHOE CITY—Mr. and Mrs. David Rogers, formerly of Point Reyes Station, Marin County, are now residents of Tahoe City. They recently purchased the Charles Warner home at the top of Grove Street in town and plan to become year 'round residents. Rogers for years was publisher of a Marin County newspaper. His wife is the librarian for the Tahoe-Truckee school district library which will be located in the almost completed high school building west of Truckee.

THE STATE OF CALIFORNIA
IN AND FOR THE COUNTY OF
NEVADA

No. 9960
SUMMONS

DAN B. PAZIN, Plaintiff,

vs.
MRS. FRANCES HOPE, wife of Charles Hope, PACIFIC IMPROVEMENT COMPANY, a corporation, MRS. C. A. SILLS, and "also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto", Defendants.

Action brought in the Superior Court of the State of California, in and for the County of Nevada, and the complaint filed in the office of the County Clerk of said county.

JOHN L. LARUE
Attorney for Plaintiff
Nevada City, California

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

MRS. FRANCES HOPE, wife of Charles Hope, PACIFIC IMPROVEMENT COMPANY, a corporation, MRS. C. A. SILLS, and "also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto", Defendants.

You are hereby notified that an action has been commenced against you in the above entitled court by the above named plaintiff for the purpose of determining all adverse claims to and clouds upon the title to all that certain real property situated in the County of Nevada, State of California, particularly described as follows:

Lot Thirty-One (31), and the West 15 feet of Lot Thirty (30), River Front West of Bridge Street, Town of Truckee, as said lots and block are designated upon the official map thereof made by W. W. Waggoner in the year 1901.

You are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the County of Nevada, State of California, within ten (10) days after the service on you of this summons, if served within this county; or within thirty (30) days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgment for any money, or damages demanded in the complaint as arising upon contract, or plaintiff will apply to the court for any other relief demanded in the complaint.

GIVEN UNDER MY HAND and the seal of the Superior Court of the County of Nevada, State of California, this 23rd day of July 1951. (Seal)

R. E. DEEBLE, County Clerk
By: Erik P. Anderson, Deputy Clerk

There are three United States Mints: San Francisco, Philadelphia and Denver.

Raisin grapes comprise nearly sixty per cent of California's total grape output.

A Report to the Taxpayers of the Tahoe City Public Utility District from their Board of Directors

The following is a report on cash receipts and disbursements, assets liabilities as prepared from the annual audit of the District books by Harry M. Straine & Sons on May 31, 1951.

You the property owners in Tahoe City are the sole owners of the water works that supplies you with water the year around.

Besides maintaining the water supply by making repairs and improvements at the springs, the receipts from sales of water and from sales of timber from our property is paying for street lights, the lighting of the community Christmas tree in season and the improvement of our lake front, Tahoe Commons. The Commons is also the property of the people of Tahoe City and maintained by our public utility district. During the last three years \$2463.35 has been spent to provide rest rooms, level the grounds, remove a heavy growth of willows and keep down further growth. Many of our business people have expressed their approval of improvements which have increased the use of the beach for bathing, the launching of small boats and for picnicing. There will be a continual cost of maintaining the grounds and rest rooms in order and the beach could be improved for bathing. Visitors have said that our lake front could be a greater asset to our town by making still further improvements. Should not our lake front be the pride of the town's people?

Also, our town is badly in need of adequate sewerage disposal. Your directors are working with attorneys, engineers and State Pollution Board officials to find a financing plan that will be the least burdensome on the taxpayers within the district and they hope to present such a plan to the people in the near future.

In the meantime, study the auditor's reports. It is a report to you, the owners of all facilities of the Tahoe City Public Utility District. Use all the water you need but don't waste it. Leaky faucets waste water—have them repaired.

The present directors, elected by you to guard your interests are: C. W. Vernon, N. R. Mayfield and E. H. Pomin, all property owners and interested in the welfare of our town.

SCHOOL DISTRICT'S STAFFS ENJOY PICNIC AT DONNER

TAHOE CITY— The annual summer picnic for the staff of the Truckee-Tahoe Unified School District and their families was held at Donner Park last Sunday. Norman Dewhurst was chairman of arrangements. Volley ball and swimming were enjoyed as part of the day's outing.

Among those attending were Gertrude Levine, Collette Morhain, Geraldine Bean, Peggy McDonald, Mr. and Mrs. Clifton King and family, Alice Hanoum, Thelma Finger, Mr. and Mrs. Harry Eaton and family, Virginia Angelo, Mrs. Brown, Mr. and Mrs. Jack McGlade and son, all of Truckee; Mr.

and Mrs. Everett O'Rourke and son, Mike, Mrs. Grace Schram, of Big Chief; Mr. and Mrs. Lynn Kishbaugh, Pineland; Mr. and Mrs. David Rogers, Mr. and Mrs. James Brehler, Mr. and Mrs. Robert Briggs, all of Tahoe City; Mrs. Kay Wing, Gladys Bryant, Me Throop, all of Kings Beach; Mrs. June Chipetta and daughter, Miss Pat Adams, of Donner Summit, and guests, Mr. and Mrs. James Welch and sons John and Charles and niece, Sally Ann, from Mountain View.

FAIR LIVESTOCK

More than 4,000 purebred cattle, sheep, swine and goats will compete for \$107,089 in cash awards during the California State Fair at Sacramento August 30 through September 9.

Leading Shooters of West Signing for Tahoe Shoot

KINGS BEACH— Advance entries for the Annual Fall Shoot of the Lake Tahoe Gun Club, to be held at Kings Beach September 7, 8 and 9, indicates a field which will comprise the best trapshooters on the Pacific Coast, according to Johnny Rayburn, chairman of the shoot committee.

Among the top shooters already entered is Arnold Reigger of Seattle, the highest average trapshooter in the country, a former Grand American Handicap champion and many times winners of the PITA. He is considered to be the best money shooter in the world.

Also in the field are George

Meyers, winner of the 1950 ATA shoot here, George Jantzer, Charley Skeeter Sr. and Jr., Medford, Ore.; Harold Smith, who operates Harold's Trapshooting Club, Phil Miller, his manager, Mike Sherrip, Jim Simpson, Tom Warner and Al Brundage, all of Reno; "Whitey" Schugart and Neil Pritchard, Las Vegas, Nev.; Andy Drum and Bill Foster, Fallon; Newt Crumley and Ted Lunsford, Elko, Nev.; Jim Vease, Tucson, and Vern Gillespie, Gila Bend, Ariz.

The women's shoot entries include Mrs. Helen O'Dell, LaGrange, present California state champion; Miss Gloria Mapes, Reno; Mrs. Carl Collard, San Bernardino and 1950 Reno women's champion; and Betty Vease, Tucson, Ariz.

California entries will include Carl Clard, San Bernardino; Ollie Fine, LaGrange, a former PITA winner and present state champion; Jerry Stone and Carl Vining, Sacramento; Fred Dambracher and George Wilson, Walnut Grove; Jack Williams, Ventura; Harry Dart, Colusa; Ed Fumasi, Delavan; H. N. Ferguson, Fontana, considered by many one of the best shooters in the country; Jimmy and Maurice T. Mahan, Roseville, the latter to bring his four sons with him; A. A. Moschetti and Jim Pierce, Oakland.

The Lake Tahoe club representatives entered are Andy and Ray Sorensen, Joe King, Tom Sutton, Johnny Rayburn, Bill Martin, Fred Baker, Dixie Reese, Ward Fields and H. O. Comstock.

A Calcutta Auction and dinner will take place at the Cal-Vada Lodge in Crystal Bay, Nev., Saturday, September 8, at 7 p.m.

Quinns Leaving Tahoe For Tule Lake

TAHOE CITY— This coming weekend the Tahoe-Truckee Unified School District will lose one of its teachers to Tule Lake. Mr. and Mrs. John Quinn and children, Mikey and Colleen, will depart from their Pineland home and leave to occupy their new residence at Tule Lake. One of Tahoe's most popular families, they were active in social and civic affairs of their community.

Quinn, who taught senior corps social problems and business subjects in the Tahoe-Truckee high school, has accepted a new position at the Tule Lake high school where he will instruct bookkeeping, typing and shorthand.

They Like it a Million!

Last week Buick set a proud record. The millionth Dynaflow Drive* was delivered to a happy owner.

That's a new peak in popularity for modern drives which take you from a standing start to any cruising speed desired with a smooth, unfaltering swoop of power.

"The biggest advance since the self-starter" is what the motorwise press called this Buick development back in 1948—and now a million owners can tell you how right that proved to be.

Here, they found, was a basically different way of delivering power.

It was the first drive to get completely away from any gears which function

in a series of fixed stages—the first to apply supercharging principles that did new tricks with spinning oil.

And how folks loved it!

They loved the freedom from strain in traffic. And the new "sweetness" of ride which every passenger could enjoy.

They loved the command it gives them of every traffic situation—and the relaxation it contributes to a long day's drive.

They loved its extra safety in slippery going, and the improved control in mud and snow.

As they piled up experience, they

loved the unexpected savings of rear tire wear and the reduced strain on all driving parts, from engine to differential.

And finally—they loved what it does for the value of a Buick, as reflected in the extra dollars that Dynaflow* adds to the resale price of a car.

Have you sampled this driving sensation?

There's no time like the present for discovering the thrills that more than a million Buick owners already know.

Equipment, accessories, trim and models are subject to change without notice. *Standard on ROADMASTER, optional at extra cost on other Series.

SWANEE'S TAHOE LETTER

PHONE TAHOE CITY 39W

Tahoe City, August 27
Dear Tahoeites:
Have been doing a bit of serious thinking since last Saturday when my next door neighbor, Leon Stan-

ley, died suddenly of a heart attack at 3:30 in the morning. Failing to wake me, Mrs. Stanley went next door to the Vernon home where she knocked for some time before being heard. Doctor Pedersen came almost at once but could do nothing for the man. And all in one short day, Mrs. Stanley's whole life was completely changed. By late afternoon, relatives had come, bundled her belongings into their

cars and she had departed... just like that. One never knows what's just around the corner. Certainly serious food for thought. Good advice that, "Make every minute count, for one never knows the day or the hour."

Judge C. W. Vernon, in discussing the sewer situation in Tahoe City, informs me that no work can be started before next spring as it is impossible to gather all the necessary data in time for presentation this season so that the election could have been held and the project gotten under way. There is a meeting scheduled for October 4 at which time discussion will be on a new financing plan. C. A. Sweet, executive officer of the state water pollution control board, of Sacramento and J. L. Leggett of Bishop, member of the Lahontan state regional control board, were both visitors at the lake in recent weeks and both have sought first hand information on the problems which Tahoe faces. James Wheat, Placer County's chief sanitarian, has been making an extensive survey here and it is hoped a solution to the problem may be worked out before another summer rolls around.

Had a lovely dinner on Wednesday night last at the Swedish Farmhouse here in town, where the atmosphere is so refreshing and quaint. The "different" dishes on the menu whet the appetite and pique the curiosity. Dropped in later at Cal-Vada where co-owner Joby Lewis assumed me that the resort will remain open all winter again this year.

Understand Jimmie Easton of Pineland is now working with his trucks out of Sacramento, while his wife, Janice, and small daughter, Catherine, are enjoying a vaca-

20-30 HEAD—George Graziadio of Inglewood, Calif., was elected president of the International Association of 20-30 Clubs at the 25th annual international convention in Tucson, Arizona.

tion trip to the home of her parents back in Minnesota. She will remain for at least a month, this being her first visit home in three years. During their absence, Jim's grandparents, Captain and Mrs. John Kvistberg, are guests in their home at Pineland. The Kvistbergs are rebuilding the summer home they lost in a fire a year or so ago in Tahoe Park.

Mrs. Molly Ross, mother of Mrs. Bud Scott of Tahoe City, arrived on Saturday to visit her daughter and family for a week. She emplaned from Los Angeles and was met in Reno by Mrs. Scott. Bruce Scott, who has been vacationing with relatives in Los Angeles for a month, will return home on Saturday next.

My best to one and all. As ever, Swanee.

EXPANDED FAIR TO OPEN SEPT. 13 AT GRASS VALLEY

GRASS VALLEY—Headlined by a mammoth horse show and livestock display, along with more booths and exhibits than ever before, the Nevada County Fair will open a four-day run here September 13.

Fair Manager Loyce Freeman states that fairgoers will be afforded a show expanded in every department with features to please everyone. The four-day program will be jam-packed with day and evening entertainment.

Nightly stage reviews will be produced by the Raynor Lehr Shows. A folk and square dance festival will run each night of the fair.

There will be elaborate home economics, agricultural, arts and crafts, 4-H, industrial and horticultural displays.

A pet show will be held Sunday

Expected to draw heavy participation will be an art exhibit. It is being developed by the Gold Mountain Art Society. Nevada County artists of wide reputation will compete.

Freeman indicates that the senior division livestock show is expected to again draw from the top herds in northern California.

afternoon, September 16. A mammoth horse show will be held Sunday afternoon also.

Hoof Rot Epidemic Among Southern Deer Herds

SACRAMENTO —(C. N. S.)—Hoof-rot, a disease affecting deer on over-crowded ranges, is killing hundreds of the animals in San Benito, Fresno and San Luis Obispo Counties, the state division of fish and game announces. Poor range and water conditions for the animals are additional causes of the disease, which is reaching epidemic proportions.

TAHOE LAKE SCHOOL

TAHOE BOY SCOUTS ARE GUESTS AT ROTARY CLUB MEET

HOMEWOOD—The regular Tahoe City Rotary Club meeting was held Tuesday at Homewood Resort. President Don Snyder conducted the meeting and introduced Clarence Beavers, forest service officer, and the Boy Scouts of Tahoe City. There were ten Scouts attending, including Darryl Stark, Don Stark, Douglas Wilson, Bob Sach, Tom Sheehan, Mayton Recordcord, Danny Sheehan, Bob Kneeland, Bob Sanford and Pat Griffith.

C. D. Huff, manager of Homewood Resort, donated the profits of the luncheon to the Boy Scouts fund drive.

Bishop Noel Porter of Sacramento and Tahoe gave a very wonderful talk titled "Grow in Reverence as we do in Knowledge."

There were 67 Rotarians and guests attending the meeting.

State Office Rent Bill \$402,000 Monthly

SACRAMENTO —(C. N. S.)—A report from State Director of Finance James S. Dean indicates the state is paying \$402,740 a month for rent of office space in private buildings. State rentals involve 706 offices in 148 localities for \$4,832,880 annually.

CARD OF THANKS

We take this means to thank our many friends for their kindnesses during our recent bereavement.

MIRIAM ZWARG
STAN ZWARG
RUTH BURRELL

Eighth Anniversary—

Mr. and Mrs. John Gracik celebrated their 8th wedding anniversary on August 24, attending a dinner in Reno.

Happy Day—

W. C. Gage observed his natal date on Monday, August 27.

FISHING AT 96

Mr. and Mrs. George Pace and sons, George and Paul, of Sunnyvale and A. Bianchi of Winters were visiting local friends this week, coming by way of Downieville. Bianchi is 96 years of age and still enjoys his hobby of bass fishing at Benicia.

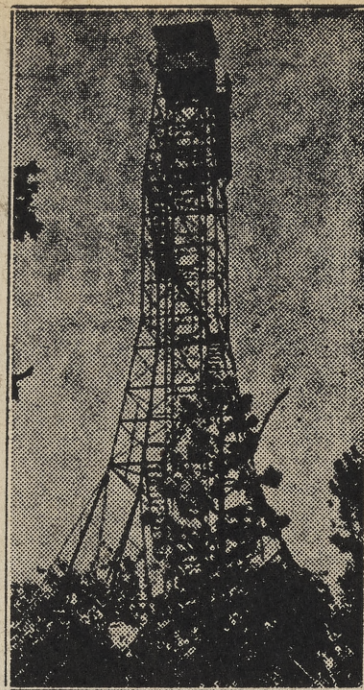

Affeldt Guests—

Dr. Robert Appel of San Pedro, who gained national prominence in the dental profession recently with his transplanting of teeth, and Dr. R. C. Hekel of Glendale were recently guests of Dr. Robert Affeldt of Truckee. Appel's accomplishments were given prominent place in a national magazine.

**Woman Asks \$25,000
For Accident Injuries**

Suit for \$25,000 personal damages as the result of an automobile collision on Highway 40 a mile west of Truckee was filed in Nevada County Superior Court this week by Elizabeth D. Nucera of Alameda County.

She says she was injured June 29 when her car was struck by another driven—she says carelessly—by William E. Wion for the Wyandotte Chemical Corporation of the bay area. Both Wion and the corporation were named as defendants, along with the Fleet Leccc Corporation, alleged owner of the car Wion was driving.

FIRE WATCHER—Five towers, each 400 feet high, have been erected around Camp Lejeune Marine Base where alert watchers are kept on duty to guard against forest fires. Use of live ammunition creates a fire hazard in the adjacent North Carolina woodlands and the Marines are provided to check a blaze at the first alarm.

**DISTRICT STUDIES
LIGHTING RATES
WITH EYE TO CUT**

In view of greatly increased use of electric service now being made by the customers of the Truckee Public Utility District the directors have instructed Manager C. Edmunds to make a study of the present rate structure with a view to a possible reduction, if conditions warrant.

It has been the policy of the board of directors of the district to consistently reduce rates as conditions permitted without jeopardizing the economy of the district.

The last reduction in lighting rates made by the district was on January 1, 1948 and amounted to approximately six per cent.

The general trend throughout the country is to adjust electric rates upwards, due to the great increase in operating costs. The Pacific Gas and Electric Company, which has already made one increase of six per cent in some of its rates, is now asking the California Public Utilities Commission for the right to raise all its rates from 10 to 18 per cent for its various services.

While Truckee enjoys one of the lowest rates in the state for an all-electric home, which includes electric heating and cooking, the straight lighting rate of the district is higher than average in northern California and it is in this block of rates that the directors feel some adjustment may be made.

It is felt that the water service, which has been subsidized out of the electric funds for the past several years, can be made to more nearly carry its own expenses hereafter, thus relieving this drain on the electric department funds.

Dual Date—

Mr. and Mrs. Robert Leamon observed their wedding anniversary and her birthday on Tuesday, August 28. The couple, with their children, Barry, Marcia and Richard, returned from Sacramento Sunday.

Tarzan

by EDGAR RICE BURROUGHS

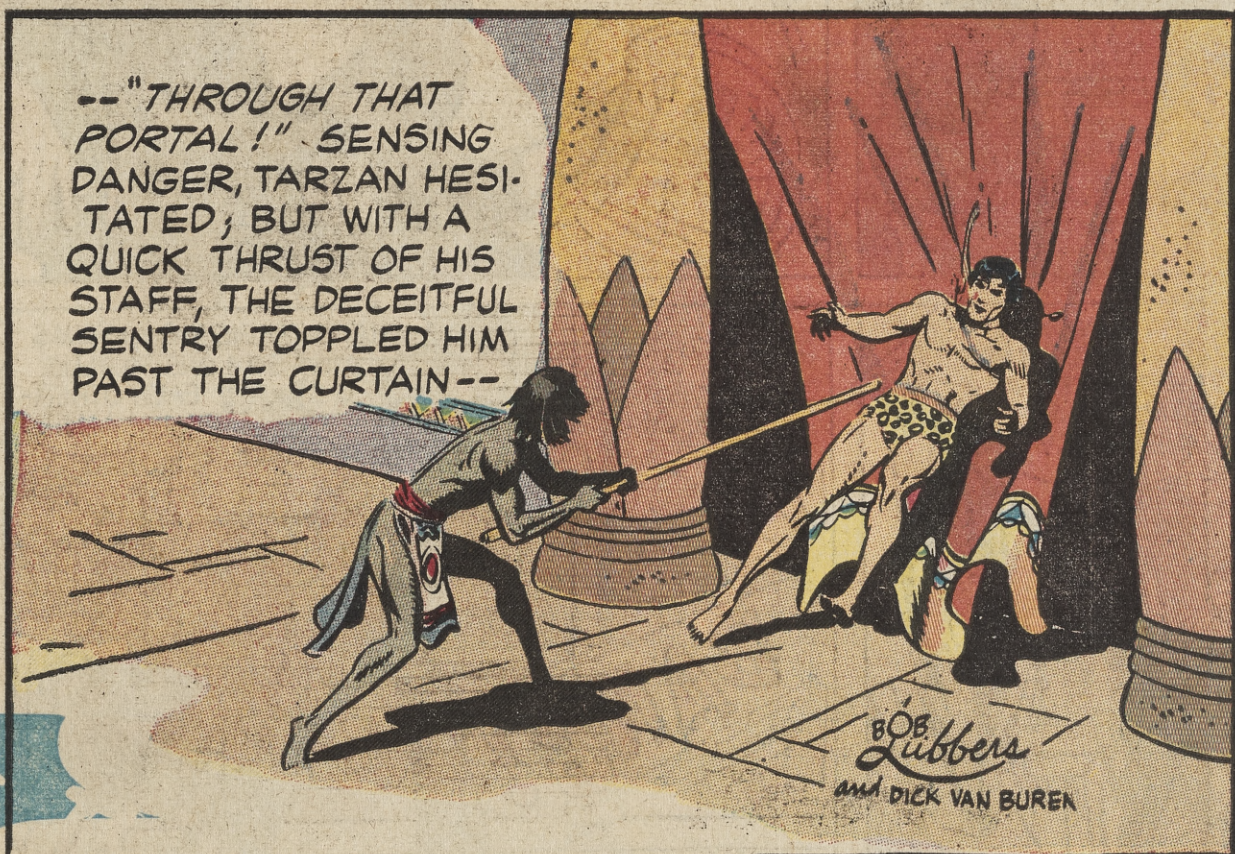

WHILE PROWLING OUTSIDE THE MYSTERIOUS PALACE OF GOLD, THE APE-MAN LEARNED OF HIS BETRAYAL BY THE GOMANGANI -- NANCY BROOKS HAD BEEN TAKEN CAPTIVE!

LATER, UNDER THE NIGHT'S PROTECTIVE SHADOWS, TARZAN CREPT INSIDE THE PALACE, BUT A SENTRY GUARDED THE MAIN CORRIDOR.

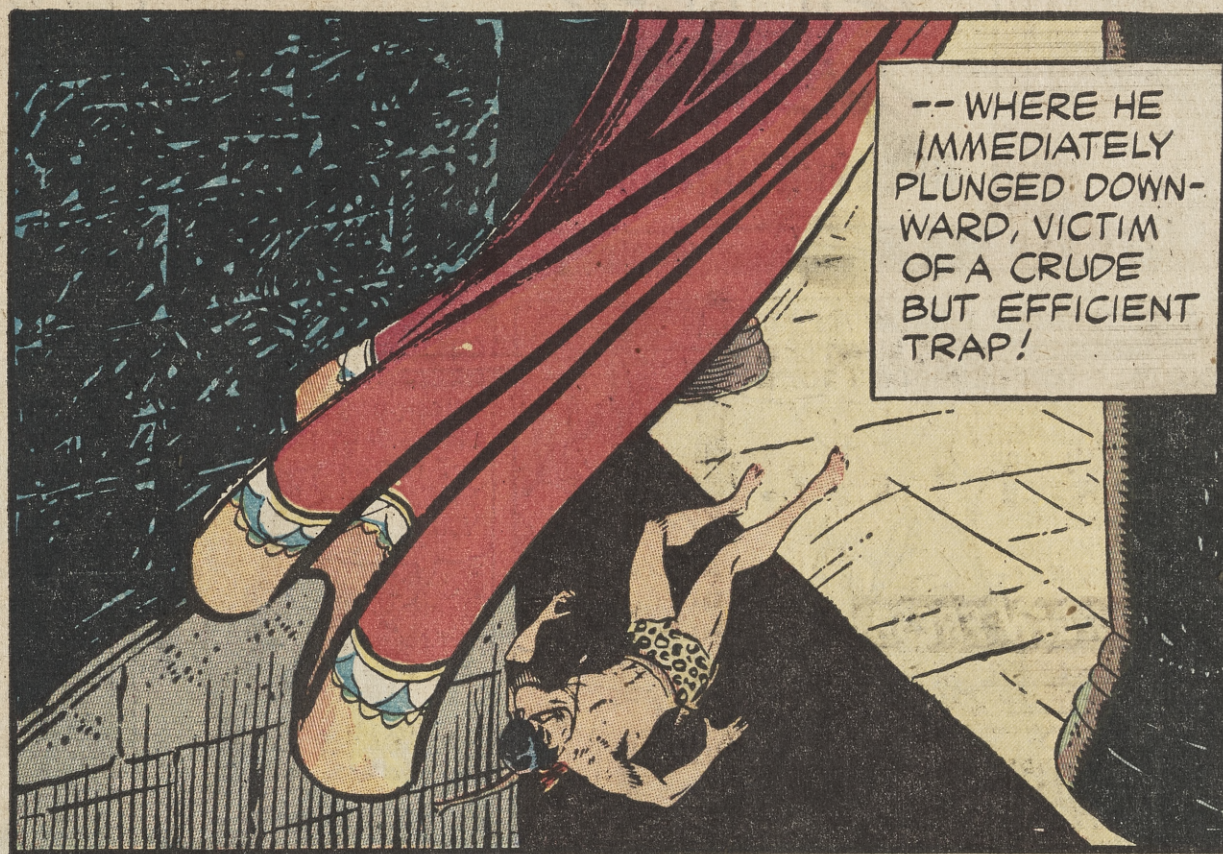

CATLIKE, THE APE-MAN POUNCED ON THE GUARD. "SPARE ME!" PLEADED THE NATIVE. "I CAN TELL YOU WHERE THE WOMAN IS!" -- "VERY WELL," SAID TARZAN. "BUT ANY TRICKS AND YOU DIE!" THE NATIVE POINTED A TREMBLING FINGER --

-- "THROUGH THAT PORTAL!" SENSING DANGER, TARZAN HESITATED; BUT WITH A QUICK THRUST OF HIS STAFF, THE DECEITFUL SENTRY TOPPLED HIM PAST THE CURTAIN --

Joe Lubbers
and DICK VAN BUREN

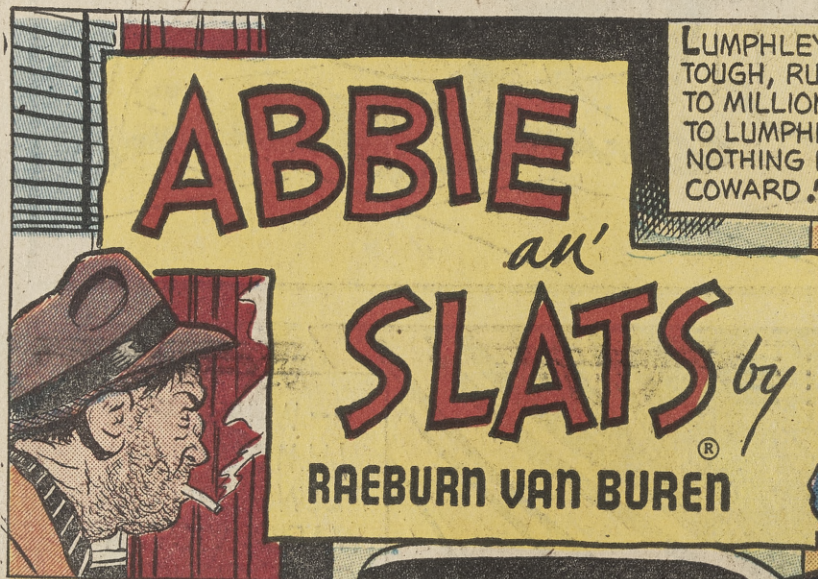

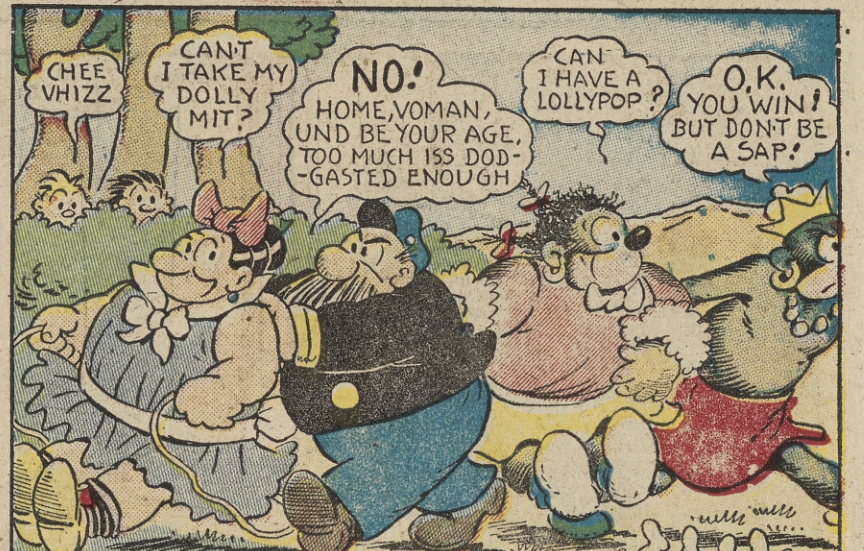

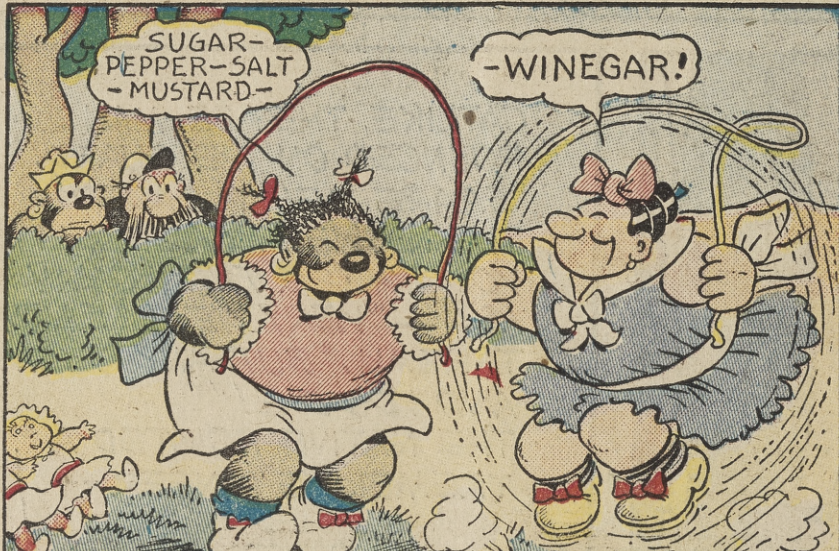

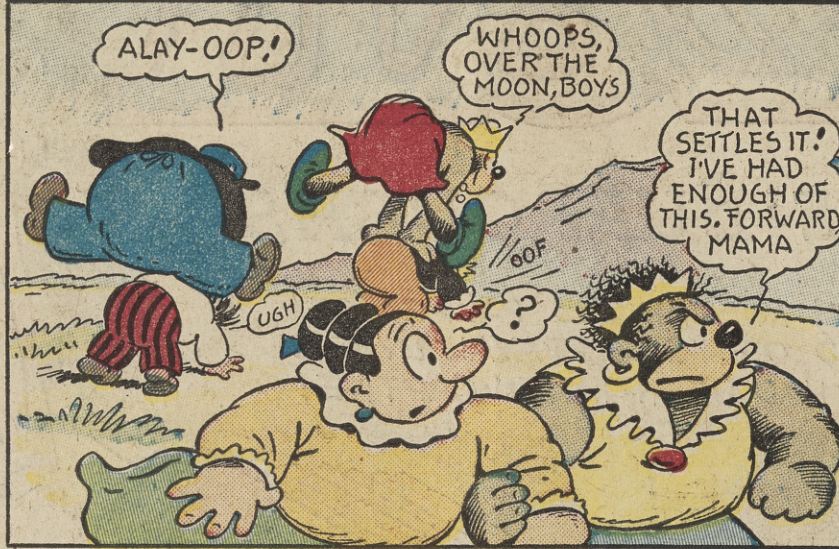

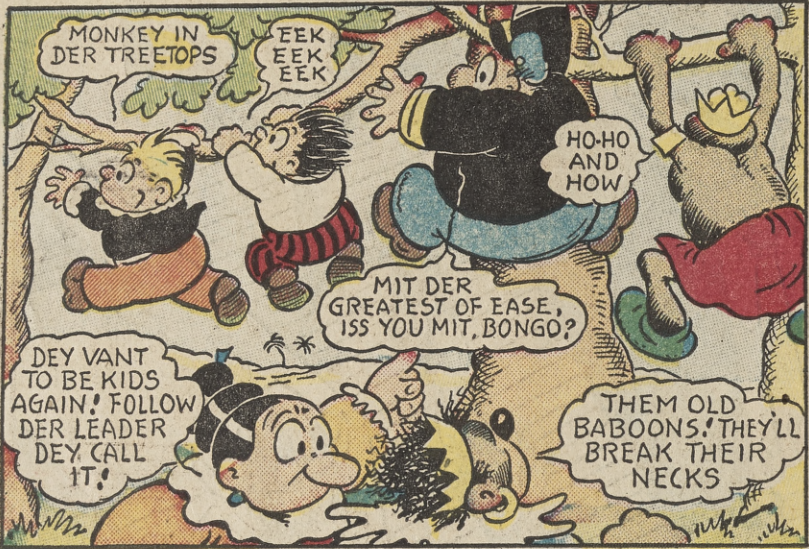

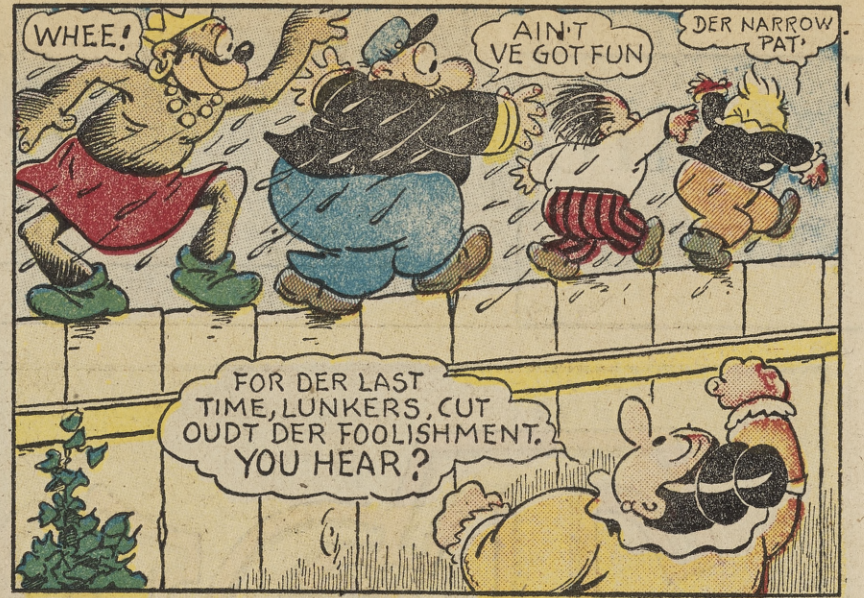

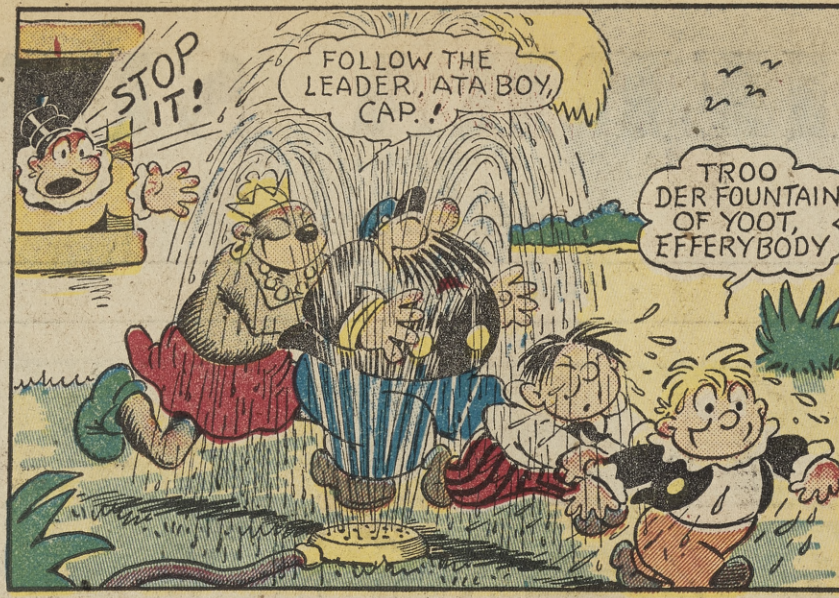

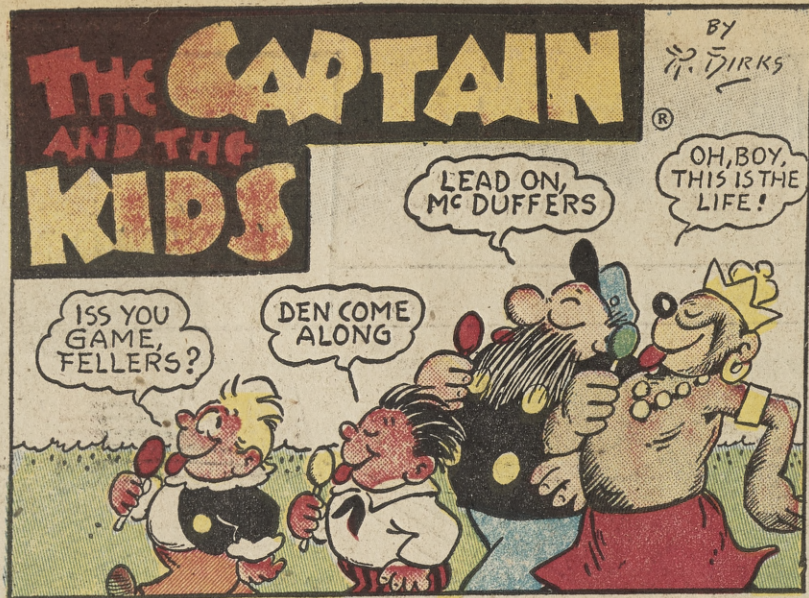

-- WHERE HE IMMEDIATELY PLUNGED DOWNWARD, VICTIM OF A CRUDE BUT EFFICIENT TRAP!

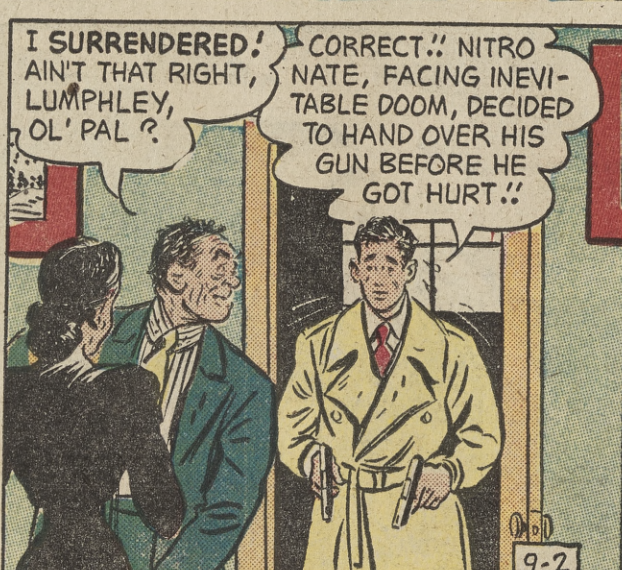

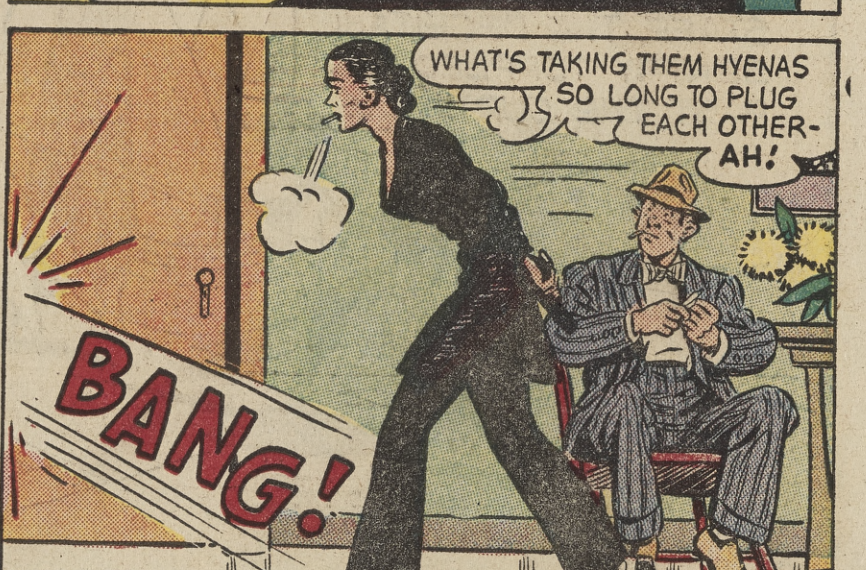

THEN, FROM A CORNER OF THE DUNGEON, HE HEARD A WARNING GROWL. THE APE-MAN SQUINTED -- THERE, CROUCHED AND SNARLING LIKE A BEAST, WAS A WHITE MAN!
